

10 key practical advice for mobility programmes

1. Use Creativity.

Try to reduce uncertainties in the most creative ways possible, involving the youth as they are a font of creativity.

6. Blended activities.

Promote more blended activities also for the future of mobility.

2. Evaluate the online feasibility.

Evaluate if the project/programme can be turned in an online version as not all the activities can be online.

7. Consider the different needs.

Consider the different needs of participants.

3. Don't cut funds.

Do not cut or undermine the funds for mobility as coordination cost are still there and even higher.

8. Keep high motivation

Keep always high and effective the motivation of youth.

4. Invest in new tools.

Invest in the new digital tools and platforms and try to raise the engagement with stimulating ways.

9. More plans.

Prepare different plans with different options as they help to be more resilient and flexible.

5. Plan online activities differently.

Use the full potential of the new digital tools by planning online activities in different ways than offline activities.

10. Increase flexibility.

Increase the flexibility in the rules as much as possible.
