

10 key practical advice for youth mobility programmes

1. Use Creativity.

Try to reduce uncertainties in the most creative way possible, involving young people in co-design processes.

6. Blended activities.

Combine offline with online activities to ensure the future of mobility.

2. Evaluate the online feasibility.

Evaluate whether the project or programme activities can be turned into an online format.

7. Address the different needs.

The needs of the participants must be at the core of the planning phase.

3. Be flexible!

Make rules as flexible as possible.

8. Keep motivation high!

Build the motivation of young people.

4. Invest in innovation.

Invest in new digital platforms to keep up the engagement in stimulating ways.

9. Risk management.

Adopt a risk management approach to ensure resilience and flexibility.

5. Plan online activities differently.

Use the full potential of the new digital tools by planning online activities in different ways than offline activities.

10. Prevent cuts on funding.

Do not reduce any funds for mobility as administration costs may persist.
