“Unboxing the European Cohesion Policy”

The Assembly of European Regions (AER) is looking for facilitator(s) to plan and conduct an online session to inform and engage young people about EU Cohesion Policy, from its legislation, passing through the different programmes and opportunities that are being funded in Europe, to its communication.

Background

The YOUTHopia project is a communication campaign co-funded by DG REGIO and composed of two organisations: the Assembly of European Regions (AER) and Babel International (CaféBabel), a multilingual online magazine. Five AER member regions are involved in the project: Western Slovenia, Donegal County Council, Union of Cyprus Municipalities and Košice Self-governing region. The aim of YOUTHopia is to raise awareness of the concrete benefits of EU Cohesion Policy to boost the economic and social well-being of citizens and regions through programmes, projects, and services, with a focus on youth employment and the transition towards a green and climate-neutral Europe.

1. Online session

“Unboxing the European Cohesion Policy” will consist of three online sessions, each by a different facilitator:

- **Session #1:** *The legislative process behind the EU main investment tool and avenues of participation in policy-making for youth.*
- **Session #2:** *How Does It Work in Practice? An Overview of Funding and Opportunities for Youth.*
- **Session #3:** *Story-telling or the Art of Making European Cohesion Cool.*

These are the indicative dates for the sessions (dates can be changed): **27th July, 3rd and 10th August (15:00 - 17:00 CEST)**

For a successful session, the facilitator will work in close cooperation with the AER throughout the preparation of the sessions before, during and after.

AER will provide the facilitator with the necessary information and tools to comply with the EU requirements, as well as logos and information concerning the project's visual identity.

To make the sessions more dynamic, the facilitators will also be supported by the [Presidium of our Youth Regional Network](#) to create breakout rooms or other activities that need co-facilitation. They will assist in creating breakout rooms and coordinating additional activities that require extra support.
